*"to protect and to serve first responder families"
-Since 2018-*

Our team has helped hundreds of families and Officers plan for their future. We specialize in RETIREMENT, FINANCIAL SECURITY, & and PROTECTING ASSETS.

Let us back you!

Lorenzo founded Team Athena in 2018. He realized LEOs receive much training on how to help others, but none on the necessary financial education to support themselves and their families. Most financial decisions at the beginning of a cop's career are made by HR and senior officer recommendations- of which none are financial professionals.
